700 1414 One chopper leaving VC. 73 to Cove and up NC side. Jack Collier on one and Jim Anker on other.

10/9/76 cont'd.

- 510 1424 Dog has turned something. W/be going back to last scene from AT to Collins Gap and to Rd. Working Hatched & Seller Dog.
- 620 1432 have report of girl walking along L.R. Rd. crying. 613-just driven L.R. Rd.. have seen no girl. 5 mi. e. of Y
- 700 1440 drab army green chopper just left
- 912 1446 have 3 men going from Mill Cr. - Forney Ck. and 3 Forney Divide- Tunnell
- 110 1448 Refuel truck will not be able to get to Cove before dk. Will be there 7:00 a.m. tomorrow. Any change in plan notify Col. Aiker, Greenback, 856-2392
- 618 1507 Comming down Goshen Prong
- Phene 1541 Andy Miles, Tremont Center can send 6-8 people to assist in Search tomorrow. lll said can use them. Be at Hdq. at 7 a.m.
- 511 1546 TN Rescue Squads are out of search area and 10-76 down mtn.
- 616 1555 1 chopper landed in G.Cove
- 412 1600 w/chopper in G.Cove. Due to low ceiling in search area couldn't get up in hi. elevations. Checked lower Forney Cr. and Welch Ridge
- 700 1623 Mrs. Bumgardner called contacted 2 girls, Lisa Michael and Anita Beckner. Will call back for phone interview. to lll
- 412 1638 chopper 10-76 to McGee Tyson to refuel. Make another search of area then land at S.V.C.
- 915 1643 Searched 2 mi. down Forney Creek. Neg. results
- 700 1718 Lisa Michael, phone # (b) (6), (b) (7)(C) one of school group called. She last saw Trenny about 1 mi. from parking area. Anita, Bobby Coghill and Stacy Martin stopped to rest, Trenny went on. Was lost from view around curve in trail.
- 412 1721 Fueled chopper at McGee Tyson 10-76 to Search area. Will start on lower end and work up
- 517 1807 10-8 10-76 C.Dome P.A.
- 412 1905 Back at McGee Tyson. Refueled 10-76 S.V.C.
- 510 1910 Dog team and all personnel out of search area except 210 and 613 who will spend night in upper Noland Cr. area.
- 613 1919 Bedded down for tonight all 10-4

- 700 1940 10-13 to all stations: Gradual clearing tonight. Will clear by midnight. Low tonight 42 degrees. lower elevations 30-32 degrees in higher elevations. Clear tomorrow. Highs 50-60's. SW winds 25-30 mph in higher elevations. NW winds 5-10 mph in lower elevations.
- phone 1955 Mrs. Bumgardner interviewed people who last saw Trenny, Anita Bounds phone number (b) (6), (b) (7)(C), Scott Troy and Bobby Coghill. Last saw her about 1/2 mile from Dome parking area. They stopped to rest, Trenny went on, seemed to be in a hurry to get back. Scott Troy phone # (b) (6), (b) (7)(C) Bobby Coghill # (b) (6), (b) (7)(C) be there by 10:30
- 700 2015 Phone interview with Anita Bounds. Was with Trenny Gibson, Scott Troy and Bob Coghill. All stopped to rest except Trenny who went ahead up trail. She was in trail when last saw her, looked away and when looked back Trenny was nowhere in sight. Should have been able to see her if she went on up the trail. Checked area where Trenny was last seen, no trail leading off, very rough, small stream, brush & trees, yelled but no answer.
- 700 2344 Phone interview with Miss Bobby Coghill: Did not know Trenny Gibson very well. Was in class with her. Ms. Coghill was behind two other girls on the trail when Trenny caught up with Anita and Scott. Both walked with them awhile. All except Trenny stopped to rest. Trenny kept going on up the trail. Up the trail away looked like Trenny stopped and bent over, then made a right turn off the trail. Checked spot where Trenny was last seen. Do not believe she could have went off the trail at that spot, too rough, rocks, bushes, and trees. Group had just passed a large long flat rock on right side of the trail along top of ridge when they made rest stop. Trenny was last seen just above that point in the trail.
- Sunday, October 10, 1976
- 410 702 30 degrees at Newfound Gap
- 610 0711 Fuel truck has arrived at Cades Cove, 36 degrees, light ground fog
- phone 0729 Captain Medley, Company D, Marine Corps, Knoxville is sending about 20 more men up to search. Will be here about 9:00.

- 402 1418 to 531, will need someone to pick us up at Mill Creek - 915 will make arrangements.
- 531 1426 to 915, will need a pickup for 6 people at Wilderness Marine around 4:00.

- 531 1532 At the mouth of Forney Creek 10-76 Wilderness Marine.
- 700 1647 Mrs. Blanche Cooper, Gatlinburg Phone # (b) (6), (b) (7)(C) saw a girl matching the description of Gibson girl walking on River Road in Gatlinburg either Friday or Saturday. Girl was wearing brown plaid jacket, flair legged blue jeans, white tennis shoes (not Gibson girl)
- phone 1915 Tina Gibson called. Was upset about article in evening newspaper about something her father had told reporters. 700 advised father had gone back to motel.
- 700 2208 Blount County Re-Act called to offer assistance with search or any Park emergency. Phone # (b) (6), (b) (7)(C) Bob Eidson, or (b) (6), (b) (7)(C) Virginia Cochran.
- 700 2246 Captain Ford, Criminal Division, Knoxville P.D. called GPD to talk to Mr. Gibson. 700 called Captain Ford. Mr. Ford received a call from a Christine Cromwell from Bahamas (overseas # (b) (6), (b) (7)(C)) She stated that she got on plane at Boston, landed at Newark, N.J. at 9:30. Reported Trenny Gibson got on plane at Newark with a much older man, heavy set wearing green trousers. Man and girl got off plane in Nassau at 11:30. Info to 111.
- October 13, 1976
- 517 0735 maximum 58, minimum 37, present 45, no precipitation. Road is clear and dry. Sky is clear.
- 531 0756 523, 513 10-76 Collins Gap
- 217 0756 10-41, 10-76 Dome
- 412 0820 10-41, 10-76 Dome
- 531 0828 10-76 to Collins Gap, will meet other searchers there. Need some flag tap - 412 will bring tape up.
- phone 0932 Mr. Cecil Thomas, Nashville, (b) (6), (b) (7)(C) home, (b) (6), (b) (7)(C) work (til 4 p.m.) Psychic - had a vision of where Trenny is and says she is still alive or else frozen in a sitting position. Says searchers are very close but need to search a little to the left of the area they are in now. Near the mouth of a creek. Saw her sitting in a hollow in what might be a bear den or something - rocky area - not a lot of undergrowth - several very old large trees - sun shining directly down through a light layer of fog - lots of squirrels running around eating acorns. There are many acorns on the ground in the area.
- 790 0958 10-13 Fair today and tomorrow and probably through Saturday. Highs in the upper 60's and lower 70's, lows in the upper 30's or lower 40's.
- phone 1142 Mr. Fred White, VA., (b) (6), (b) (7)(C) would like to participate in search over the weekend if it is still going. Has dogs if needed. Worked in Dennis Martin search.

phone 1245 Ms. Dedra Duggan, ETSU, Johnson City, (b) (6), (b) (7)(C) can organize a group of fraternity men to aid in search if needed.

531 1250 Will have 2 men coming down an old trail from Collins Gap to Elkmont who will need a pickup later on. They will call when in the area.

111 1510 to 531, will be sending up approximately 5 people from north side in the morning and will need all available personnel from the south side for the search.

404 1730 and 618 will be at Elkmont turn-around in about 20 minutes. 411 will pick them up.

531 1732 513 & 517 10-42

412 1744 10-42

GPD 2019 received teletype of unidentified homicide in NC (didn't know area-- can check if needed) female, 18-20 yrs., medium reddish hair, green eyes, freckles on face and parts of body, 3" scar on right side of abdomen, teeth in poor condition, tattoo of cross on chest, about a size 7, rust colored denim pants. Did not meet description of Trenny Gibson.

700 Called the following hospitals: Sevier County, Blount Memorial, Baptist, U.T., Swain County and Waynesville. All negative for Trenny Gibson.

phone 2237 Received call from Joe Bridges who works in Haywood County Sheriff's Office, Waynesville - 704/456-3585 (C.J. Arrington, Sheriff) After 700 called Waynesville Hospital they called Sheriff's office. Thought they may have treated Trenny Gibson last Friday night but would not release info to 700. Bridges advised them to check with supervisor who told them to release information. Info given to Bridges: a female came into Emergency Room Friday night with 4 male companions. She first gave her name as Rita K. Lanning, father-Fred, address-Canton, NC, age 18 years,. A little later when the nurse asked for her name the girl changed to Rita K. Gibson, father - Fred, Canton, NC. At the time they thought the girl was a bit upset and confused. When nurse asked for girl's phone number, one of the fellows with her said she might not remember it because they were from out of state - and they just gave the address as Canton, NC. The girl was treated for minor cuts and bruises and released the same night. Nurse said girl fit the description given to her by 700 for Trenny Gibson. Joe Bridges on way to hospital with picture of Trenny Gibson and more info. 700 gave info to 111 and 110.

phone 2320 NC State Highway Patrol, Asheville, received call from Highway Patrol office in Salisbury, NC - A Mr. Michael Venters from Charlotte, (b) (6), (b) (7)(C) said he might have info on missing girl-- 700 called Mr. Venters. Said they were in the Park on Saturday at Luftee Visitor Center. A ranger told them they could see a waterfall if they would go to some tribal owned campground on Big Cove Road (couldn't remember name)

phone cont'd Said they hiked up out of the campground to the waterfall and on their way out saw an Indian male about 18 yrs. old with a gun. Two girls were with him, who looked scared. Thought one could have been Trenny Gibson. Could not identify if shown a picture.

October 14, 1976

phone 0003 Tony Douglas, Lexington, TN (b) (6), (b) (7)(C) Sunday night a girl came into Burger Shake at Crossroads near Lexington -- was hitch-hiking on I-40 with trucker. Wanted him to take her out of state - when she persisted he called sheriff. Girl ran away before sheriff could get there. (Sheriff-Jack Fallard)- girl wore jeans, yellow pullover, light colored sweater, carried jacket, dull blonde hair.

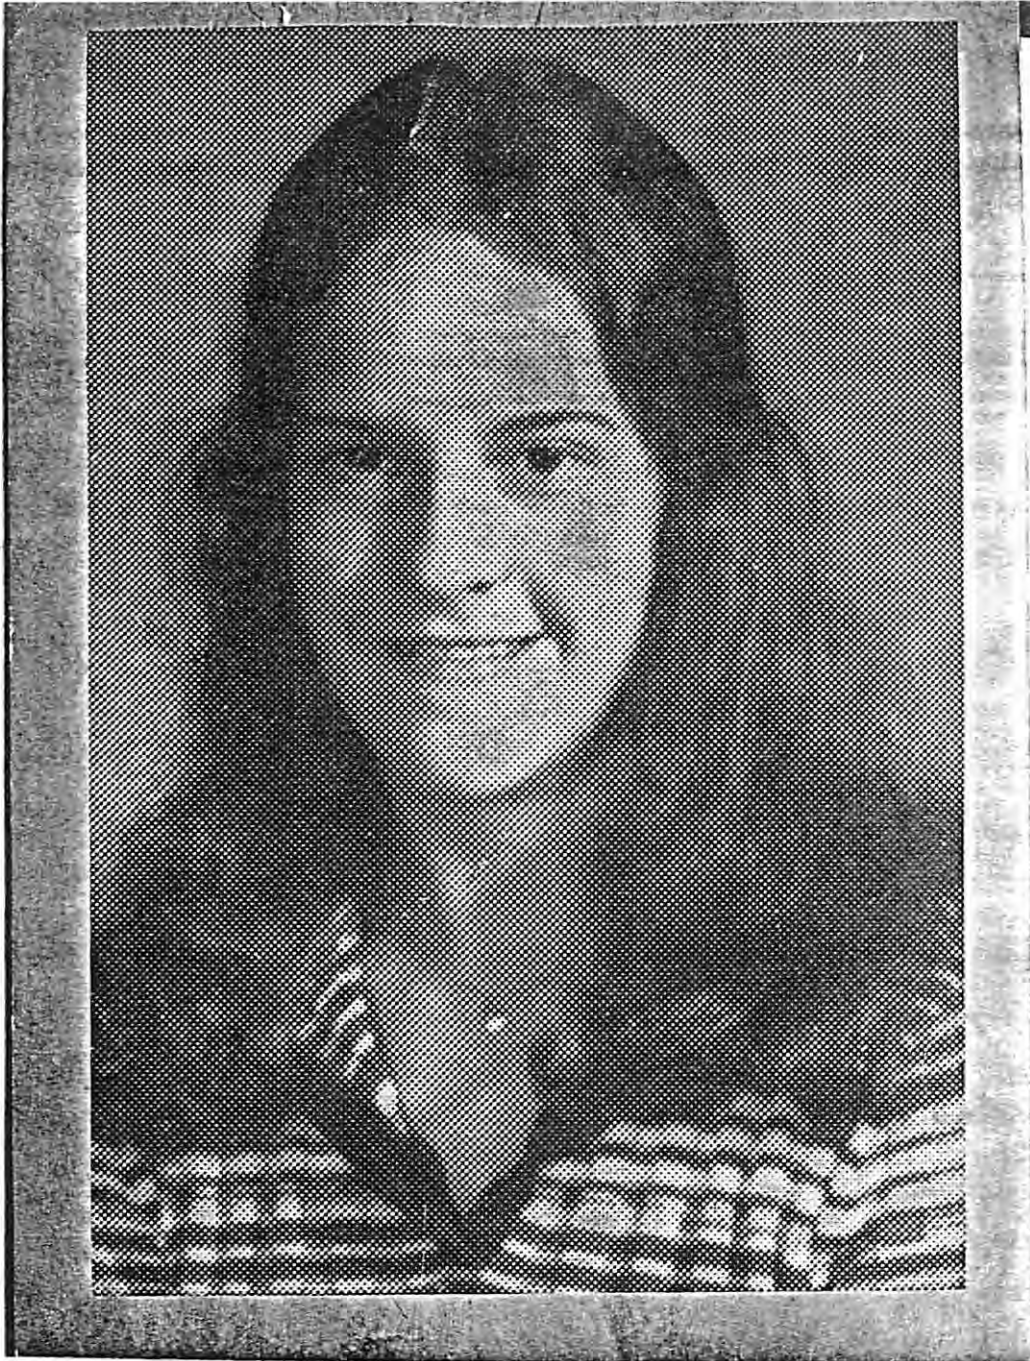

111 0013 Negative on girl at Waynesville Hospital--local girl.

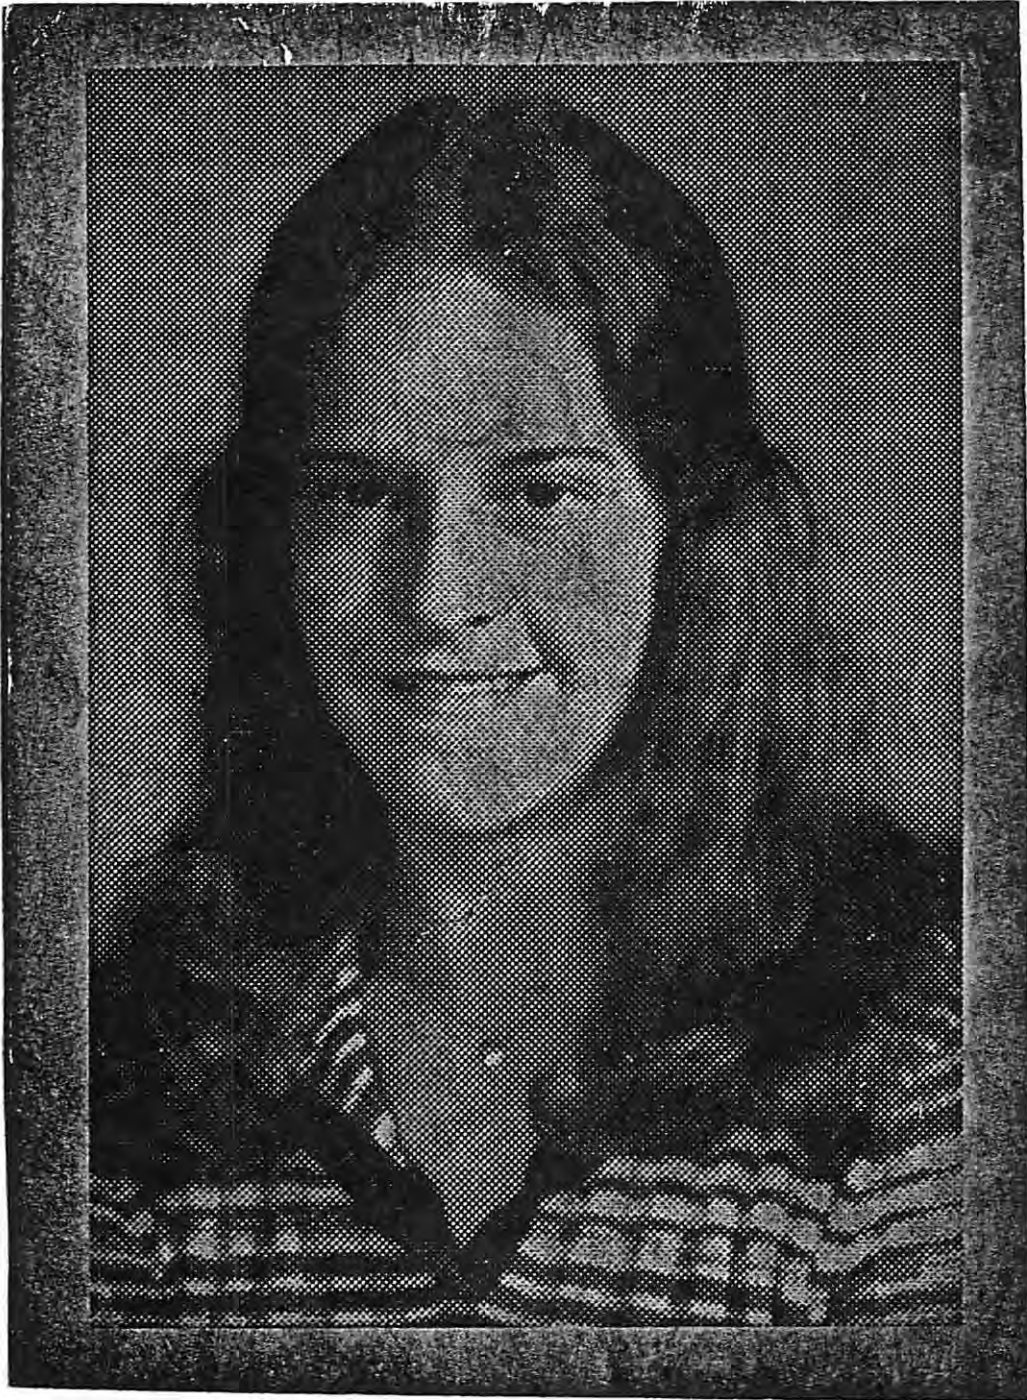

517 0729 10-13 - maximum 60, minimum 39, present 40, 0 prec.

Of Missing Girl

GATLINBURG, Tenn. — The second day of searching for a 16-year-old girl reported lost near Clingman's Dome in Great Smoky Mountains National Park ended Sunday with no sign of the girl lost since Friday.

Searchers plan to look for her again Monday, but fewer men will be involved in the search, Western North Carolina rescue squad leader David Bossard said Sunday.

Trenny Gibson of Knoxville, Tenn., was reported lost from a Bearden High School trip to Clingman's Dome Friday.

Searchers looked for her Friday night, Saturday and Sunday.

Efforts Saturday and Sunday involved more than 200 volunteers and about 30 park rangers, plus aerial searches by the Tennessee Air National Guard, Bossard said.

"Monday there will be maybe 30 volunteers from Western North Carolina, 20 from Tennessee and 50 rangers," Bossard said.

"We don't feel like she's there. She was lost near a parking lot and less than a quarter of a mile from a road on a paved trail.

"That intensive a search would have found her if she was in that area," Bossard said.

Officials believe the girl found her way to a road and got a ride out of the area, joined a

band of hikers on the Appalachian Trail, was never lost to begin with or is dead, Bossard said.

"Let's face it. It was below freezing up there and there was a 15 mile an hour wind that put it about zero (degrees). There was ice in the trees up there this morning and it's going on the third night," Bossard said.

More than 50 volunteers from the Buncombe area were with the 200 volunteer searchers.

Gibsons Thank Many Who Aided in Search 73

EDITOR, The News-Sentinel:

In regard to the Trenny Gibson search, we would like to thank the many people who have been kind in our time of need.

We would like to thank the superintendent of the Smoky Mountain National Park, Boyd Evison, and his capable assistant, Jerry Eubanks, his rangers and complete staff.

We would like to thank the East Tennessee Association of Reserve Squads and all the people that devoted their time and energy in looking for our daughter.

We would like to thank Reps. John Duncan, Marylin Lloyd, Robin Beard and Jimmy Quillen, Gov. Ray Blanton and Sens. Howard Baker and Jim Sasser from Tennessee, Sens. Talnadge and Nunn from Georgia, Sen. Wendell

Ford from Kentucky. Without help from the above people, a second search would not have been made. President Jimmy Carter and Interior Secretary Cecil Andrus gave a full effort of support.

We would like to thank the FBI who have and will continue to give their all until our daughter is found in the park or wherever the person or persons that abducted her left her body. We hope the FBI can put more men on this case.

We thank the people in Knoxville and all over the area for their prayers and friendship.

I would like to call items to attention of the readers that have not seen the news releases that Supt. Evison sent to The News-Sentinel.

In U. S. Department of Interior news release of April 21, Supt. Evison

says, "Even if we could put thousands of searchers out for years, we still could not be sure that she isn't there." (N-S, April 22, Page 9)

In news release of May 6, after the second search, Supt. Evison says "with all the effort expended on this search, the fact still remains that there is a possibility she still is in the park." (N-S, April 22, Page 9)

We have been assured that the search will never end, as long as Trenny is missing. (N-S, April 22, Page 9)

We can only look now to the FBI for added assistance. They have done a fine job, but now we can only hope they will add more agents and be able to solve this mystery.

BOB GIBSON

1427 Whitower Road

Trenny Reward Offered

A \$5,000 reward for information leading to the arrest and conviction of parties involved in the disappearance of Trenny Gibson is being offered by the state, Gov. Ray Blanton's office confirmed Thursday.

Trenny Gibson, a 16-year-old Bearden High School student, was last seen Oct. 8 in the Clingman's Dome area of the Great Smoky Mountains National Park. An intensive search was launched, which at one time involved more than 200 people. The National Park Service has since discontinued an organized search.

Trent Hall, an assistant in the governor's office, said papers are being prepared for the reward at the request of several East Tennessee legislators.

Legislators who led the effort for issuance of the reward are State Reps. Ted Ray Miller, Tom Jensen, Bill Nolan, Loy Smith and Jim Richards; and State Sens. Ben Atchley and Victor Ashe.

Robert Gibson, father of Trenny, said he is pleased with the state's reward offer.

"I feel this is a fine gesture on the part of the governor's office to help bring our daughter home," he said.

Persons having information concerning the whereabouts of Trenny Gibson are asked to contact the office of District Attorney General Al C. Schmutzer, Sevierville, at 453-6119.

VOLUNTEER SEARCHERS PRAISED
AS PARK SEARCH FOR TRENNY GIBSON WINDS DOWN

(GATLINBURG, TN) - The intensive search renewed on April 18, in which Park Rangers and volunteers combed the Clingmans Dome area of Great Smoky Mountains National Park, where Trenny Gibson disappeared six months ago, has been completed. The renewed search, using a line-sweep system for intensive coverage of the area of highest probability, was an effort to find some clue which would lead to a conclusion as to what happened to the 16-year-old Knoxville girl last October. A large area around the point of disappearance, and along trails and drainages radiating from there, was covered.

"Searchers have again gone to great lengths in extremely rugged mountain areas to find any clues to Trenny's disappearance, but after extensive search no evidence has been found," said Superintendent Boyd Evison. "Rescue Squad members from both North Carolina and Tennessee are to be commended for their unselfish efforts to aid in the Gibson family's efforts to find Trenny. Squad members, volunteer coordinators, and medical support teams have contributed their considerable talents and leadership in spite of other pressures on their time."

"With all the effort expended on this search, the fact still remains that there is a possibility she is still in the Park," Evison said. "That possibility will stay in our minds every time we go into the backcountry, I'm sure."

Father hopes TV show will take up case of missing girl

By Jamie Satterfield
Staff Writer

The father of a girl reported missing in the Great Smoky Mountains National Park in 1976 and never found says he hopes to get his daughter's story on the television program "Unsolved Mysteries."

Bob Gibson's 16-year-old daughter, Trenny, was reported missing in the Park Oct. 8, 1976. Both Gibson and his wife said at the time of the initial search for their daughter, they suspected foul play.

Gibson said Monday he still believes foul play was involved and that his daughter was abducted. It is that belief that has led him to work with Channel 10 to get his daughter's story aired on "Unsolved Mysteries," he said.

Trenny Gibson, who was described as a "quiet sort of girl" by her friends, had accompanied fellow students from Bearden High School on a field trip in the Park Friday, Oct. 8, 1976. Gibson, along with horticulture classmates, had hiked to Andrews Bald and was returning to Clingman's Dome.

Gibson was walking a few yards in front of the other students. She was last seen one mile from the Clingman's Dome parking lot.

An initial search began late Friday evening, with 150 people, including members of the Sevier County Rescue Squad, searching along the trail and in backwoods areas surrounding the trail.

Temperatures that weekend were in the low 30s, and two searchers had to be treated for hypothermia. Another searcher fell and cracked his ribs. By Mon-

The Gibsons believed foul play was involved because their daughter was a top student, well-liked and did not date.

day morning, Trenny Gibson had still not been found.

Searchers did find three cigarette butts and a "fresh" beer can along the Andrews Bald trail. Scent dogs followed a scent believed to be that of the lost girl to a spot near Clingman's Dome, where eight cigarette butts of the same brand as the three found earlier were discovered.

The Federal Bureau of Investigation then took over the search.

and a sweater. She had no money or identification with her.

"Trenny hadn't planned on going on the field trip Friday morning," her mother said at the time of the search. "She thought it would be called off because of the rain and didn't even take a jacket with her."

She had borrowed a jacket from a friend after she found out the field trip was still on.

The Gibsons believed foul play was involved because their daughter was a top student, well-liked and did not date. They described her as a serious student and said they did not believe she would have run away with a boy or for any other reason.

She also had no money with her and had left a bank book, showing an account of \$1,000, at home.

The Gibson family said at the time of their daughter's disappearance that one year earlier the family had received threats from an unnamed person and said they feared that person had abducted their daughter.

Ted Bundy, who recently was electrocuted for the murder of several women, was questioned about the disappearance of Trenny Gibson but told FBI authorities he knew nothing about it, Bob Gibson said.

TO : Chief Park Ranger *[Signature]*

DATE: Oct. 23, 1976

FROM : Luftee Sub-District Ranger

SUBJECT: TV interview with Bill Ryan

I met Mr. Ryan at the dome parking lot at approx. 1345 today and talked with him. His cameraman never showed up, so he shot some silent film and was going to do the narration himself later. The only thing he might have said during his narration that may cause some waves was a statement made to him by one of the Maint. employees. Ryan said one of them told him we thought Gibson ran off with her boyfriend. I told Ryan anything along those lines were purely speculations and I would not comment one way or the other. I gave him some logistical information and told him we were reasonably sure Gibson was not in the search area.

 From G. Everhardt Place _____
 To B. Gibson Place Home

Message

Has another letter from Gibson - much about "Jimmy," & our "refusal" of search assistance and the "Billy Graham" dogs. I told him we'd answer, again, if he's not in a rush. He said he'll send it to us, and we should do a nice, sympathetic reply that lays the facts on the line. He's seen the Doctor's letter.

~~He is pursuing the matter of shifting the shift on the Cat. Access to our residential needs - talked to D. Thompson about it a few days ago (which no doubt explains recent call from SEND, for figures).~~

~~Appears that his continued occupancy of present job is assured.~~

- He: Message Opened w/ discussion of how he had pulled political levers on Gary, etc. Friendly tone.
- Wants us to let him know when the re-search will be done. Wants to be on hand X
 + says some of his (wife's?) family want to help. I said OK, so notify, + include them.
 - Told me whole rationale for believing Terry is in the Park, including belief (ascribed to FBI) that if she had run away, she'd have shown up T'giving or Xmas. (I didn't ask him if that is a reliable pattern of behavior of all missing persons).
 - Asked when we'll search, + w/ how many. (I said when the ground is clear, + before heavy foliage emerges - probably sometime in April. Said not sure how many - but would limit it to hand-picked relatively few, for tight control, intensive search of immediate area, to couple of miles of where last seen, + another combing of radiating trails. Rangers, a few S+R people. Avoid errors, confusion sometimes assoc. w/ large groups).
 - Asked about helicopters. Told him frankly that if she's there, what's left would be very hard to spot from air, but that we'll ask Army to fly it, if they will. He asked if I Signed + think they would. I said I don't know, + would speculate. But we will ask, at his request of write.

Memorandum

TO : Chief Park Ranger

DATE: March 22, 1977

FROM : Superintendent

SUBJECT: Bear feeding regulations

Dick, what steps must I take to establish regulations requiring campers to keep all food out of reach of bears - especially, none left out in tent, on table, in cooler, etc.? Something similar to regulations in Yosemite, Eyllowstone, I believe.

Please take steps to have this done (draft the regulations, anyway - have ready for discussion at squad meeting of March 28).

By the way - we will review the draft of the bear management/research plan, on the morning of the 28th.

Boyd Evison

cc:
Asst. Superintendent

Also - it would be good to have a brief, specific plan for the final concert at search for Training Gibson, soon as possible - conditions desired for time of search (snow off, foliage not yet out), number & kinds of people, procedures & patterns, etc.

April 4, 1977

Memorandum

To: Superintendent
Through: Chief Park Ranger

From: Assistant Chief Ranger

Subject: Trenny Gibson Search

The search for Miss Trenny Lynn Gibson will resume on Monday, April 18, 1977. The search will be coordinated by South District personnel utilizing manpower from the RM&VP Division parkwide. Selected civilian volunteers from the North Carolina and Tennessee Rescue Squads and hiking clubs will also be utilized. The total number of search personnel from all disciplines will be held to a manageable level of not more than twenty-five.

The area to be covered will include a two mile radius of the point where Miss Gibson was last seen on the Andrews Bald Trail, one-half mile south of Clingmans Dome. The line sweep method will be utilized in the immediate zone of probability and no air support will be necessary. All major trails and drainages in the area will also be searched.

Time interval for the search will be April 18 to approximately Saturday April 30, on a daily basis during daylight hours and as weather permits.

Plans and activities will be critiqued daily on site at the Dome Search Operations and Communications Center.

LONG DISTANCE TELEPHONE CALL RECORD

Date April 7, 1977 Time a.m.
 From Bob Gibson Place Knoxville
 To Superintendent Place _____

Message

Mr. Gibson indicated that the Assistant Superintendent had told one of his investigators (~~Mr~~ McGahee?) that we would only search the area between Clingmans Dome and Andrews Bald, and only stay on the trails, using no more than 25 people - and those would be Rangers only.

I told Mr. Gibson that I was sure that his investigator had confused the information, as I know that Jerry is well aware of our intentions - which are not to limit the search in those ways.

Mr. Gibson said that if we would agree not to limit the search to 25 Rangers, he'd agree not to go to the papers. I told him that his going to the papers, or not going, had nothing to do with how many people we would use in the search; but that we would do everything we could to make sure that it was thorough, well organized, and well controlled, so that the best possible job could be done. I told him that, in any case, the contacts with communications media should be handled through this office, and low profile, to avoid any circus atmosphere. He wanted to know why we were starting after the weekend, and I told him that I was sure that it was because we wanted to avoid conflict with heavy backcountry use - and, again, to minimize any chance of a circus atmosphere.

I told him that we would use the search plan developed by our personnel, unless I felt that it was in some way inadequate; and that I am sure we plan to use more than just Park Rangers. He said he would like some searchers not ordinarily associated with the Park Service involved (implying a need for someone to be sure we are doing the job right), and I said that we would try to accommodate that.

I did not commit us to anything more than 25 people, nor to any period exceeding the April 18 through 30 period apparently already set.

Dick or Jack - please give me a brief written outline of your search plan, and of who will be involved, and when. I want to let Mr. Gibson know, early the week of the 11th.

LONG DISTANCE TELEPHONE CALL RECORD

Date 4/12 Time _____
 From B. Evison Place _____
 To Bob Gibson Place _____

Message

- We'll begin search, again, on Monday, 4/18 -
 to get start on day w/ minimum of interference,
 avoid Spring Break weekend, assure minimum
 chances of conflicts w/ heavy traffic, etc.

- We'll use about 50 people

⁵⁰⁰⁰ Helicopters? No. ^{Evison} Hollow gesture.

- We'll work through both, N.C. & Tenn. search
 coordinators, & get carefully selected people.

- We're trying to get appropriate dogs
 - We'll work through weekend of 4/23-24,

if nothing found by then.
 - Gibson: More people, then? Evison - few, if any more.

- Gibson: Still figure on stopping 4/30?

Evison: We'll stop when we've found her, or
 are satisfied that all reasonable efforts
 have been made. Much depends on people,
 weather, etc.

- Gibson: Getting this to press (media)?

Evison: Not until it's
all over - don't want to draw curiosity-seekers

Mr. Gibson accepted all of above (+ Jerry as contact
 when I'm not here)

I invited him to join an NPS
 search party. I'll let us know.

LONG DISTANCE TELEPHONE CALL RECORD

Date 4/18/77 Time PM
 From Bob Gibson Place _____
 To B. Evison Place _____

Message

He would like Dan McGahree to see our file on the search for Terry, and statements taken from Simpson, teacher, chaperone, 1st person who reported, + the Oak Ridge guy who gave statement on weather - etc. anything on record re statements of FBI people. McGahree to be here Thursday

I said I have no objection.

✓ If this presents no legal problem, let's have it all available for him.

Signed R

July 24/18
Reck: 2nd/19

copy to me

92

Boyd:

After the "Cool" received that we received on the
come from Canada & west, and even moeller earlier
when we met you, I am leaving the entire secret in
your hands.

One thing that bothers me real bad; next week you're to
be out of town, who do you have to leave in charge that
"Circus"?

As I agreed earlier, I'm leaving it all up to you, I
trust you, and have confidence in your judgement,
The only thing I ask is a "full effort" and a
blitz on Saturday and Sunday, with a full week next

1:30 PM 4/18/77

I discussed this with Mr. Nelson
(who wrote the above). He says Jack refused
to show, or have been shown, anything about
the search - said Jack told him "taken over"
and he can do his communicating with me.
I said this surprised me, as Jack knew Mr. N
was to be shown what they were doing, and we
discussed having a Hansen (Ted) go out with him
on the site. I offered to go back up, make sure
he is shown what's going on. He said no,
he figures it would just add to Jack's resentment.
Introduced him to Jerry. Assured cooperation, and
he assured him - with me & Jerry.

LONG DISTANCE TELEPHONE CALL RECORD

Date 4-20-77 Time 1455
 From MRS. R.M. COLLINS DR. Place (b) (6), (b) (7)(C)
 To JACK LINDAHAN Place CRO-6541AIP

Message

MRS. COLLINS IS THE MOTHER OF MRS. BOB GIBSON. MRS. COLLINS TWO BOYS (R.M. AND STEVE) WERE ON THE ORIGINAL SEARCH AND MAY COME TO THE PARK THIS WEEKEND. SHE INDICATED SHE WOULD LIKE TO COME TO THE PARK AND I TOLD HER I'D BE HAPPY TO TAKE HER TO THE DOOR ETC. SHE EXPRESSED MOST APPRECIATION AND MENTIONED THAT SHE DIDN'T HAVE GOOD TO SAY ABOUT THE BIG FAT FELLA (MR. GIBSON). SHE ASKED IF I KNEW ABOUT THE GIRL THAT WENT TO THE WYNNESBORO, N.C. HOSPITAL ON OCTOBER 9, 1976. I TOLD HER ONE OF THE DOCTOR'S FRAT THE GIRL WAS TREATY. SHE SAID SHE HOPED SO AND ACTED VERY NERVOUS. SHE WANTED TO TALK TO THE NURSE. I DID NOT PRESS HER.

LONG DISTANCE TELEPHONE CALL RECORD

Date 4/20/77 Time _____
 From Bob Gibson Place _____
 To B. Evison Place _____

Message

Thanked me for cooperation with McGhee, yesterday.

G. Asked if we were building up numbers of searches. Told him no, turnouts are low because it's weekdays, not life-or-death; but that we expect good turnout on week-end - have asked the 2 state state coordinators for help totalling 100 (no more). I said it's going well because of efficiency of small operation.

I Told him news release is ready to go when needed (if media pick up first), but preferably only after search. I said he could look it over - & he said he doesn't need to, assuming I make the point re not being certain she's not in park, no matter how many searches, or for how long.

G. Asked if we'll go beyond the 2 wks, which with bad weather, etc. Told him we'll continue until we feel we've done all that's reasonable to do -

Signed [Signature]

working out the area as planned, with time uncertain because conditions can vary. (over)

He asked about we of dogs. I told him only one dog is known to be really capable of help in such a situation - & then only if narrowed down to small area. I said that if we find evidence that narrows it down to such a small area, we'd attempt to get said dog (N.Y.C. # Lab), but that it might be difficult, as she is much in demand - in any case, would be likely to take time.

96

Reminded him I'll be gone starting Fri. A.M., and that Jerry will take over for me.

Note. If there are delays, etc., that make completion of reasonable search by Apr. 30 impossible, we can go with another week-end (4/30 - 5/1), using up to 100 again.

Message

Today's N-S (p. 19) claims we are sure Trenay isn't in Park

Send copies of Gibson release
 done in to Copper City Advance
 Copper Hill, Tenn. 37317
 mailed 4/22/77
 + specifically to Jim Dykes (N-S)
 + Carol Parks (Journal)
 Even if already sent to the papers

(News release)

Wants me to call Dykes, need info to know right - agreed to

Called N-S - Dykes not in - but person in newroom read article. It does say we don't believe...
 Bob Barrett took my statement, - which I read directly from the release. He said they'd run it (from "--- we can't be sure that Trenay isn't in the Park... were so bad," and again, from "Even if... in the meantime.")

I said I really want them to run these statements, + he said OK

IN REPLY REFER TO:

Mr. Robert Gibson
(b) (6)
Knoxville, TN 37919

Dear Mr. Gibson,

Each year we are asked by the FBI to verify the information we have entered in their national computerized missing person file.

I was not able to contact you by phone this year regarding the status of your daughter, Trenny.

I feel sure you would have contacted us if there had been any further developments concerning her disappearance, however I am required to make a contact with you by phone or letter.

Please write me at the above address or call (615)436-1230 if you receive this letter so I can keep my information up to date.

Thanks for your help in this matter.

Sincerely,

Ida May Hobbs, Park Ranger
Communications Center

SUPPLEMENTARY CASE/INCIDENT RECORD

ORGANIZATION (PARK) NAME Great Smoky Mountains National Park		CASE/INCIDENT NUMBER 7 6 2 5 9 0	
LOCATION OF INCIDENT Andrews Bald Trail		DATE OF INCIDENT MO DA YR 1 0 0 8 7 6	
NATURE OF INCIDENT Missing Person			
COMPLAINANT'S NAME Trenny Gibson		COMPLAINANT'S ADDRESS 1427 Whitower Rd Knoxville TN 37919	

RESULTS OF INVESTIGATION

On 07/11/91 NPS dispatch received a teletype from the Amelia County Sheriffs Office in reference to an unidentified deceased, possibly matching the description of Trenny Gibson.

Ranger Kloster attempted three times to telephone the investigating deputy, but was unable to make contact.

On 07/16/91 Kloster sent Deputy Muller Trenny Gibson's dental records via N.C.I.C teletype.

NO response received back from Amelia County S.O

Cleared 07/17/91

RESULTS OF INVESTIGATION

On 07/26/91 Leah Turner, from the Alabama Bureau of Investigations, telephoned Ranger Kloster in reference to an unidentified deceased, possibly matching the description of Trenny Gibson.

Kloster provided Turner with Gibson's dental records. Turner advised that the dental records did not match.
